

ASHMITHA REDDY PALREDDY

+91 9676663222 | ashmithapalreddy@gmail.com | [LinkedIn](#) | [GitHub](#) | Hyderabad, India

Computer Science undergraduate with dual-degree exposure to software engineering and data science, skilled in building Web applications end-to-end — from backend logic to user-facing interfaces — and an active open-source community contributor, seeking opportunities to apply technical skills to real-world problems while gaining industry experience and contributing to impactful projects.

EDUCATION

National Institute of Technology, Srinagar <i>B.Tech, Computer Science & Engineering CGPA: 7.7</i>	2024 – Present
Indian Institute of Technology, Madras <i>BS, Data Science & Applications CGPA: 7.38</i>	2024 – Present
Sri Chaitanya Junior Kalasala, Kavuri Hills <i>Class XII 97.8% (978/1000)</i>	2024
Narayana High School, Nalgonda <i>Class X CGPA: 10/10</i>	2022

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, SQL

Web Technologies: HTML, CSS, JavaScript, Node.js, Flask

Data & Tools: Pandas, NumPy, Git/GitHub, Kaggle

Relevant Course Work: Object Oriented Programming, Database Management Systems, Data Structures and Algorithms

ACADEMIC PROJECTS

Opportuna! – Career Guidance Chatbot

- Architected an intelligent chatbot leveraging large language model (LLM) principles and an open-source database to deliver personalized internship and job recommendations based on user skills, preferences, and interests.
- Engineered the backend using Python and Flask, applying Pandas and NumPy for data processing and profile-matching logic to power accurate, relevant opportunity recommendations.
- Awarded 3rd Position at LLM Workshop conducted by Bureau of Indian Standards at NIT Srinagar.

Artava – Menstrual Health Tracking Web Application

- Designed and developed a full-stack web application featuring a real-time, AI-driven chatbot, building a responsive frontend with HTML, CSS, and JavaScript.
- Implemented server-side functionality using Node.js and Flask, structuring the application architecture to support seamless, real-time chatbot interactions.
- Tracks Menstrual Cycle and Health based on the user inputs.

EXTRACURRICULAR ACTIVITIES

- Core Team Member, FOSS Club – NIT Srinagar, contributing to the club's technical initiatives and community outreach.
- Led the planning and execution of technical and cultural events, including BIS events, FOSS events, and Rang-e-Chinar, coordinating logistics and cross-team collaboration.
- Managed and grew the club's social media presence, driving engagement and visibility across platforms.

LANGUAGES

Telugu, English, Hindi
